- ⭕ Problem-Solving

EDUCATION

STEM Strand
School of Saint Anthony | 2022 - 2024
Quezon City

BSIT Cybersecurity
FEU TECH | 2024 - present
Manila City

ABOUT ME

I am Ivan Lizardo, a front-end web developer from Caloocan City, Philippines, with experience in building responsive designs. I'm proficient in HTML, CSS, C++, and JavaScript, with extensive knowledge of UI and UX design.

EXPERIENCE

Header Footer Project
Web Design
SY 2024 - 2025

Created clean, responsive header and footer layouts for a consistent site structure. Focused on practicing layout design and improving user navigation.

Hero Section Project
SY 2024 - 2025

Built a minimal hero section with interactive flip cards and smooth animations. Designed to create an engaging and modern first impression.

Portfolio Project
Web Design
SY 2024 - 2025

Designed a simple personal portfolio layout to showcase projects and skills. Emphasized clear structure and responsive web design.
